<b>Name:</b> Argo	Chris Higham	<b>When:</b> Wednesday afternoon (Keelboats) Wednesday twilight (Keelboats) Saturday afternoon (Keelboats)			19-Nov-2021
<b>Class:</b> Archambault RC40	chrish@abbotts.net.au	<b>Position:</b> All positions - <b>JUNIORS!</b>	Relaxed racing, permanent positions.		
<b>Length:</b> 12m	0408 954 820	<b>Experience:</b> Just the right attitude and commitment! Especially looking at all junior sailors looking to experience river racing on an ocean class keelboat.			
<b>Name:</b> Yes, No, Maybe	Jennifer Sims	<b>When:</b> Sunday afternoon (Off the Beach)			31-Dec-2021
<b>Class:</b> Flying 15's	jennifer.sims2@icloud.com	<b>Position:</b> General crew member - <b>serious racers!</b>	The F15 is a one design class boat, the fleet is competitive and attracts several levels of sailors. At SoPYC we have World Champs, Olympians, and anyone wanting to sail for over-the-line honours as opposed to handicap. Current crew has been forced to retire due to health, so if you are keen this is a great boat to sail on. Email if interested!		
<b>Length:</b> 6m		<b>Experience:</b> The F15's crew work as a team on a 2 person boat and isn't for someone looking to sit on the side and cruise around. This is definitely a <i>FUN</i> boat, crew need to have sailing knowledge, skill and be reasonably fit.			
<b>Name:</b> Eutopia	Col Delane	<b>When:</b> Saturday afternoon (Keelboat) Sunday Winter afternoon (Keelboat)			11-Jan-2022
<b>Class:</b> SS22	col.delane@tpg.com.au	<b>Position:</b> General crew, Bow, Jib trim, Spinnaker trim <b>Serious / Permanent</b>	The SS22, designed and built in WA for WA conditions, is like a VW Beetle - small, simple and rugged, but also performs well for its size. Eutopia is a well founded and comfortable boat, having received 2 very clean marine surveys in the last 6 years, and is fitted out with all the necessities for racing/cruising with a few extras. Whilst primary function is the around-the-buoy racing on the Swan River weekly club events, we also compete in Class, Association and State championship races. In addition we may participate in some off-shore races such as Freo-Rotto, Rockingham and/or Cockburn sound regattas.		
<b>Length:</b> 6.8m	0415 387 293	<b>Experience:</b> Prefer crew with some measure of sailing training or experience - especially for the bow as this position is responsible for setting up and wrangling the spinnaker. I am willing to train anyone who shows they are keen and prepared to put in the effort to learn. Sailing on a small boat like the SS22 means you will be actively involved and learn much quicker the aspects of sailing and boat handling.
